The National e-Governance Division (NeGD) is an independent business division under the Digital India Corporation, Ministry of Electronics and Information Technology. NeGD has been playing a pivotal role in supporting MeitY in Programme Management and implementation of e-Governance projects and initiatives undertaken by various Ministries/ Departments, both at the Central and State levels.

NeGD has been spearheading several innovative initiatives under the aegis of the Digital India Programme. Those have been developed keeping the vision areas of Digital India at the core- providing digital infrastructure as a core utility to every citizen, governance and services on demand and in particular, digital empowerment of the citizens of our country; some of these initiatives include DigiLocker, UMANG, Poshan Tracker, OpenForge Platform, API Setu, National Academic Depository, Academic Bank of Credits, Learning Management System.

It has myriad roles and responsibilities from supporting Central Line Ministries and State Government Departments on e-Governance projects, reviewing State Action Plans, offering support in technology management, strategy formulation & implementation of Emerging Technologies viz. AI, Blockchain, GIS etc., to facilitating digital diplomacy with focus on Indian startups and products

NeGD has been a leader in implementation and execution of a gamut of pilot/ infrastructure/ technical/ special projects and support components to framing core policies, project appraisals, R&D, and guiding /conducting assessments, undertaking activities for building capacities of both Government officials and] other stakeholders, and creating mass awareness about schemes and services under the Digital India Programme.

**NeGD is currently inviting applications for the following positions purely on Contract basis initially for a period of 1 year which is further extendable as per the requirement of the project.**

S. No	Position	Experience	Vacancy	Salary
1	Full Stack Developer (Java + React/Angular)	5 Years	01	Maximum 18-20 LPA/YEAR

\* The maximum age limit shall be 55 years on the closing date of receipt of application.

\*\* The place of posting shall be in New Delhi but transferable to project locations of NeGD as per existing policy of NeGD/DIC.

**Eligible candidates may apply ONLINE: <https://ora.digitalindiacorporation.in/>**

**Last date for submission of applications will be: 13.04.2026**

**Job Title:** Full Stack Developer (Java + React/Angular)

**Location:** New Delhi

**Experience:** 5 Years

**Number of Vacancies:** 01

### Job Summary

The IPA is seeking a highly skilled **Full Stack Developer** to contribute to the development of scalable, secure, and high-performance digital platforms for government initiatives.

The role involves working with **Java (Spring Boot), Microservices architecture, REST APIs, relational databases, and modern frontend frameworks such as React.js or Angular**. The candidate will be responsible for building robust backend services and interactive user interfaces while ensuring compliance with **government security and accessibility standards such as GIGW and CERT-In**.

### Key Responsibilities

- Design, develop, and maintain backend services using **Java (Spring Boot) and Microservices architecture** ensuring scalability and modularity.
- Develop and maintain **RESTful APIs and integrate third-party / government APIs**.
- Build responsive and user-friendly UI components using **React.js or Angular, HTML5, CSS3, JavaScript, and Bootstrap**.
- Develop interactive dashboards and data visualization components.
- Manage application workflows including **role-based access control (RBAC), authentication, and authorization mechanisms**.
- Collaborate with **UI/UX designers, DevOps engineers, QA teams, and project managers** to deliver project milestones.
- Design and optimize **database schemas and queries** using relational databases such as **MySQL, PostgreSQL, or MSSQL**.
- Implement **CI/CD pipelines using Git-based version control systems (GitHub/GitLab) and automation tools (Jenkins/GitLab CI)**.
- Deploy and manage applications using **containerization technologies such as Docker and Kubernetes**.
- Ensure compliance with **GIGW 3.0 guidelines, CERT-In security practices, and accessibility standards** for government digital platforms.
- Participate in **system architecture design, requirement analysis, and technical planning discussions**.
- Write clean, modular, and well-documented code following modern software development standards.
- Troubleshoot and resolve performance issues across application layers.

### Required Skills & Qualifications

- Bachelor's or Master's degree in **Computer Science / Engineering/ IT** or relevant field.
- Around **~5 years of professional experience in full stack application development**.
- Strong expertise in **Core Java (Java 8/11/17) and Object-Oriented Programming concepts**.
- Hands-on experience with **Spring Boot, Spring Framework, and Microservices architecture**.
- Experience developing frontend applications using **React.js or Angular frameworks**.
- Strong understanding of **HTML5, CSS3, JavaScript, Bootstrap, and responsive UI development**.
- Experience developing and integrating **RESTful APIs and web services**.
- Experience working with **relational databases such as MySQL, PostgreSQL, or MSSQL** including schema optimization.
- Familiarity with **containerization technologies (Docker, Kubernetes)** and deployment practices.
- Experience using **Git-based version control systems and CI/CD pipelines**.

- Understanding of **secure authentication, RBAC, and session/token management.**
- Strong analytical, debugging, and problem-solving skills.

#### **Preferred / Good to Have Skills**

- Experience working on **e-Governance platforms or large-scale government digital systems.**
- Experience with **API management tools such as WSO2 / API Gateway.**
- Exposure to **cloud platforms such as AWS, Azure, or GCP.**
- Knowledge of **message brokers such as Kafka or RabbitMQ.**
- Experience with **unit testing frameworks such as JUnit, Mockito, or TestNG.**
- Familiarity with **Agile / Scrum development methodologies.**
- Experience with **data visualization tools or dashboards (Power BI / Chart libraries).**

**General Conditions applicable to all applicants covered under this advertisement**

1. Those candidates, who are already in regular or contractual employment under Central / State Government, Public Sector Undertakings or Autonomous Bodies, are expected to apply through proper channel or attach a 'No Objection Certificate' from the employer concerned with the application OR produce No Objection Certificate at the time of interview.
2. NeGD reserves the right to fill all or some or none of the positions advertised without assigning any reason as it deems fit.
3. The positions are purely temporary in nature for the project of NeGD/DIC and the appointees shall not derive any right or claim for permanent appointment at NeGD/DIC or on any vacancies existing or that shall be advertised for recruitment by NeGD in future.
4. NeGD reserves the right to terminate the appointments of all positions with a notice of one month or without any notice by paying one month's salary in lieu of the notice period.
5. The designation of the selected candidates shall be mapped as per the existing designation policy of NeGD.
6. In case of a query, the following officer may be contacted:
